

Meet Your Physician

PAULA PECEN, M.D. Medical & Surgical Treatment of the Retina

Paula E. Pecen, M.D., joined Carolina Eye Associates in 2021 after spending four years as an Assistant Professor of Ophthalmology at the University of Colorado School of Medicine. Her specialty covers the treatment and surgery of diseases affecting the back of the eye.

She received her medical degree from Duke University and completed her residency at Duke University Eye Center in Durham, NC. Dr. Pecen completed a fellowship in diseases and surgery of the retina and vitreous from Cole Eye Institute at the Cleveland Clinic. Following the completion of her first fellowship, she completed another fellowship in Uveitis from the University of Colorado in Denver.

She is certified by the American Board of Ophthalmology and is a member of the American Academy of Ophthalmology, American Uveitis Society, American Society of Retina Specialist, and Association for Research & Vision in Ophthalmology. Dr. Pecen has authored numerous publications and continues to be involved in national studies and clinical trials.
